Jeff Koons

After the 1990s, Koons's work became more and more abstract, and he began to focus on the color and form of his sculptures. In 1997, he created the sculpture "Balloon Dog (Orange)," which is a large, colorful, abstract sculpture made of porcelain.

By the late 1990s, Koons's work had become more and more abstract, and he began to focus on the color and form of his sculptures. In 1997, he created the sculpture "Balloon Dog (Orange)," which is a large, colorful, abstract sculpture made of porcelain. This work, along with others, established Koons as one of the most prominent contemporary artists of the late 20th century.
